

QUALITY POLICY

INMESOL, S.L., accepts the **PRINCIPLES** that form their **QUALITY POLICY**, and which are the following:

To increase the level of satisfaction of our clients, and to guarantee compliance with their requirements, needs and expectations, as well as with those of all our stakeholders..

This implies establishing acting lines with specific aims and goals to ensure a process of continuous improvement of **Quality, to permanently improve the efficiency of our Quality Management System based on ISO 9001:2015 Standard.**

In relation to the provisions mentioned above and for the scope, "**Design, manufacture, market launch and technical assistance of generating sets, lighting towers, welding machines, generators with tractor power take-off, and hybrid generation systems**" the organization's policy is:

- To carry out the design, manufacture, market launch, and technical assistance services of generator sets, lighting towers, welding machines, generators with tractor power take-off, and hybrid generation systems capable of satisfying customer requirements applicable to them to the organization.
- To use the most appropriate practices and technologies in all our processes to ensure the continuous improvement of the manufactured products.
- To ensure that our processes consider and comply with all the legal requirements and regulations applicable **to our activities, as well as with other requirements that the company may voluntarily subscribe to.**
- To provide a reference frame to establish quality objectives.
- To continuously improve the quality management system.

Thus, it is the responsibility of all personnel within the company to ensure full compliance with these guidelines and their implementation. To achieve this, the management is committed to providing all the human, technical, and financial resources necessary, and to periodically review the company's strategy, adapting it to the contextual changes that may occur.

INMESOL, S.L. makes this Quality Policy available to its **Interested Parties** through its publication on its website: <http://www.inmesol.es>

Covered on October 1, 2018

José Luis Solano Baños
